ABOUT US

Cascades is committed to complying with local laws and regulations as well as applying a strict global code of conduct to all employees. It believes that ethical management is not only a tool for responding to the rapid changes in the global business environment, but also a vehicle for building trust with its various stakeholders including customers, shareholders, employees, business partners and local communities. With an aim to become one of the most ethical companies in the world, Cascades continues to train its employees and operate monitoring systems, while practicing fair and transparent corporate management.

Our mission & approach

Cascades follows a simple business philosophy: to devote its talent and technology to creating superior products and services that contribute to a better global society. To achieve this, Cascades sets a high value on its people and technologies.
